Financial Department

Sir,

In submitting herewith a Memo dated 15th October last with the opinion of the President and members anent certain additions to be made to rule 21 of the State Life Insurance, I have the honor to request that you will be so good as to obtain sanction of Government for the amendment of the said rule as proposed.

I have the honor to be
Sir
Your most Obedient Servant

OFFICE OF THE SECRETARY
16 OCT. 05
STATE LIFE INSURANCE

Madras, the 192

Rule 21 of the State Life Insurance lays down the following with regard to the transmission and the delivery of Policies.

There is not any rule to be observed in addressing the order. Even one in favour of Talukdar is addressed to the Secretary to Government. Why should not the order be addressed to the Secretary to Government in the Revenue Department?

The Secretary shall forward the Policy to the Officer in charge of the District Treasury, within whose limits the proposer may be employed, for delivery to him, on payment in cash of the first premium xxx.

If a Policy is not claimed from the Treasury within a month from the date of its receipt thereat the matter shall be reported to the Secretary who will call upon the insured to furnish a fresh Medical certificate.

In pursuance of the above rule, all policies are generally forwarded to the Officer in charge of District Treasury, but in the case of those policies whose holders are employed in Taluks they were hitherto transmitted by that Officer to the Taluks concerned under the directions

directions of this Office, as ~~it~~ there would be inconvenient and ~~Loss~~ loss of time and expense if such persons are required to come to District Head Quarters travelling all the distance from their Taluks only to receive their policies as the rules seem to convey that meaning

But the question now is as regards the time within which policies of the above nature should be delivered to the insured. The latter portion of the above rule, which is an addition since made, simply prescribes one month from the date of receipt of policy at the Treasury. It is doubtful whether the word "Treasury mentioned therein means the District Treasury wherein the policy was first received for transmission or it includes the Taluk Treasury also where the Policy is actually delivered to the party. If only the former treasury

is

is meant the rule will operate rather hard not only upon the insured but upon the Treasury Officers also who will have to communicate in each and every case the date of receipt of Policy at his Treasury which will indeed enhance correspondence.

In transmitting the Policies from the District to Taluk Treasuries some days will be lost and the insured in the interior of Districts cannot have the benefit of the full one month allowed by the rules and will be at a disadvantage as compared with those at the District Stations.

In a few former instances, the time of one month referred to in the rule was calculated from the date of receipt of policy at the Taluk Treasury as it was considered admissible. But it seems advisable to have a definite ruling on the point. It is therefore requested that

that the rule may be amended thus:

> If a Policy is not claimed from the District or Taluk Treasury where it has been sent for delivery within a month from the date of its receipt thereat x x x."

Circulated to the President and Members for favor of opinion.

W.S.

Rule 21 as originally framed refered to "District Treasury" and the word "Treasury" on the addendum also refers to the same Treasury. It will be sufficient, I think, if we add the words "or Taluk" before the word "District" and leave the addendum as it is.

Opt. w.b.

I presume that as a rule

the Policy is forwarded to the Treasury at the time intimation is given to the Person of the acceptance of his proposal - If this is not done and there is delay in the transmission of the Policy to the Treasury the Person must be informed of the date on which the Policy is actually received by the Treasury officer to whom the Person may pay the Premium within a month

16 10 95.

The word Treasury should mean either a Taluk Treasury as the case may be & the month should reckon from the date on which intimation was received by the person in charge of the Taluk Treasury or the Policy on the Treasury

19.10.95

I think the Secretary should immediately forward the Policy to the District Treasury. It should not therefore alter the original draft. It seems sufficient if we add in the addendum the words "District or

Talukdar" are inserted before the word "Treasury".

The proposed amendment does not remove the hardship which furnishes the raison-d'etre for this reference. When the policy has not to be signed by the Dt Treasury, the matter will suffice; but when it has to be forwarded to Taluks, the time will not be enough.. I would suggest that the time required for delivery from the Taluk Office be excluded from the month under the rule. Dr. McGrath's amendment therefore seems to meet such cases.-

under the rule - as per in
stance, the appl concerned
might be in circumst-
ances his business affairs
or on privilege leave &
so on - there are many
inconveniences which
act as exceptions to a
general rule & can not
be avoided. The Dist Treasy
Offrs must learn the
transmittal policies delay &
when the insurer knows
that the insured available
is there, he will pay
in the premium & take
the policy from himself.

31.10.95 A Rangaswamy.

I would not alter the original rule
but would recast the addendum that

"If a policy is not claimed from the District Treasury, or the Taluk Treasury to which it may have been transferred, within a month from the date of its receipt thereat, the matter will be reported to the Secretary who will call upon the Insured to furnish a fresh medical certificate."
